# The Details: Rapid Rabbit & Speedy Dialer

"Speedy Dialer and I can save precious time for anyone who has to make routine calls to inform, remind, or alert people with your pre-recorded message."

## What is *Speedy Dialer* hardware?

*Speedy Dialer* is a computerized telephone dialer (external hardware device) that plugs into the back of your computer (into the serial or USB port). It is NOT a voice modem; *Speedy Dialer* is a sophisticated single line device that includes a built-in telephone. *Speedy Dialer* allows you to make telephone calls much faster and more efficiently than using voice modems or dialing by hand; therefore, you can make many more calls per hour.

## What is *Rapid Rabbit* Auto Dialer software?

*Rapid Rabbit* software is outbound telephone calling software that uses *Speedy Dialer* to make calls to deliver your pre-recorded messages. If a live person answers, it will deliver your message rapidly. If an answering machine answers, it will wait until the greeting has played, then deliver your message. If there is no answer or the phone is busy, it will try again.

*Rapid Rabbit* is fast and easy:

1. Select **WHO** you want to call (either type in one telephone number to call or select one of your lists of telephone numbers to call).
2. Select **WHAT** \* message you want (either record a new message or select one of your pre-recorded messages).
3. Select **WHEN** you want to start calling (either select "call now" or set a timer to start at a certain time).
4. **View** the calls as they are made or **print** a report of the results when calling has been completed.

\* Your messages may be recorded for any time length you need. In addition, after each message, you can choose to use any of the following "Ending Messages":

**Ending Message #1:** "To repeat this message, press 1."

**Ending Message #2:** "To confirm that you have received this message, press 2."

**Ending Message #9:** "If we have called the wrong number or you do not want to be called again, press 9."

The above messages have been pre-recorded, but they may be changed as needed. For example, you could re-record Ending Message #2 as follows: "If you want someone to call you, press 2."

Note: This product does NOT include a Do Not Call "scrubber". If you intend to use this for telemarketing, we highly recommend that you only use telephone lists that have already been "scrubbed".

## Examples of *Rapid Rabbit* Calls

## Rapid Rabbit Auto Dialer Software on CD

**Warranty: Speedy Dialer & Rapid Rabbit are covered by a one year warranty. Technical Support is included: 1 hours or 1 year (whichever comes first).**

## Accessories also included:

**PC Headset with microphone \***  
**Serial Port Cable**  
**USB to Serial Port Adapter**  
**Telephone Cable**  
**Audio Cables**  
**Power Transformer \***

\* We use Plantronics headsets/microphones-your choice of monaural (1 ear) or binaural (both ears).

\*\* Included transformers are designed and approved for use in USA & Canada; users in other countries will need a wall plug transformer that can provide an output voltage of 9 to 12 volts DC at a minimum of 200 milliamps current to the Speedy Dialer DC power input jack. The wall plug transformer input voltage and frequency must match the voltage and frequency of the local wall plug being used. The wrong transformer will damage the Speedy Dialer.

**Accessories are covered by a 30 warranty.**

## What You Need To Supply

- 1) Telephone Line:** One standard business or residential analog telephone line. (We do not recommend VoIP service due to inferior quality, which can result in poor detection of live vs. answering machine detection.)
- 2) Computer:** A desktop or laptop PC (see details on next page).
- 3) Surge Protector:** For the telephone line and the electrical line, to protect against power surges and lightning.

# Computer

## If you provide a computer:

Minimum computer requirements: Desktop or Laptop PC with Windows XP Home or Pro or Vista Home Premium, Business, or Ultimate with at least 1 GHZ processor, 256 MB of RAM, 1 gigabyte of AVAILABLE hard drive space, CD ROM Drive, serial or USB port, Super VGA Monitor, Keyboard, Mouse, and Surge Protector and/or Battery Backup for the electrical and telephone lines. Important Note: If you will be importing large lists of telephone numbers, you may need a faster processor, more megabytes of RAM, and more hard drive space.

\* **EXPRESS ONE YEAR LIMITED WARRANTY:** Manufacturer warrants that its hardware and software will be free of any significant defects for one year from purchase date. (There is no warranty on accessories such as headsets and cables). Manufacturer will repair or replace damaged or malfunctioning products at no charge, if within the warranty time limit and if there has been no damage by accidents, lightning or power surges, or misuse or abuse by the Buyer/User. Buyer must return any defective hardware prior to Manufacturer's shipping a replacement or Buyer must give a credit card number authorizing a charge until the defective hardware is returned to Manufacturer. Buyer/User and Manufacturer will each pay the shipping costs of returning any items to each other for repair or replacement. THERE ARE NO WARRANTIES THAT ARE NOT INCLUDED HERE.

\* **TECHNICAL SUPPORT:** To begin using Technical Support, Buyer/User must first REGISTER at [www.tellacom.net](http://www.tellacom.net). One Hour or One Year (whichever comes first) of Technical Support is included with the purchase price for the original Buyer/User. Additional Technical Support may be purchased for \$50. Technical Support includes helping User install and learn how to use this software and hardware. Technical Support does not include teaching the User how to use a computer or how to use other vendors' software such as Windows or databases, or how to use telephone systems or network computers. Technical Support can explain to the User how to import and manage User's telephone number lists and Do Not Call lists, but Technical Support cannot actually edit or modify User's lists for him/her. If User does not have basic computer skills, a professional should be hired to contact Technical Support for installation and training. Technical Support hours are 8 am to 5 pm (US Central Time Zone), Monday through Friday, except for holidays. User may at any time leave VOICE MESSAGES or send E-mails with questions. Technical Support will make every reasonable effort to resolve questions and problems on a timely basis, within the times listed above; however, Technical Support may not always be able to resolve every problem, nor respond to every call immediately.

\* **SOFTWARE & MANUAL UPDATES:** After the initial purchase, updates to the Software and Manual are available free of charge if Buyer obtains them from Manufacturer's Technical Support Web Site. A new copy of the Software on a CD is \$20 and a printed hard copy of the Manual is \$20. These prices include shipping by US Post Office. Overnight shipping is an additional \$10 in the USA.

\* **RETURN POLICY:** Buyer will receive a full refund of the purchase price, less shipping and 15% restocking charge, if everything purchased is returned within 30 days from purchase date. The products must be returned to Seller in the original packing containers and all components must be in good condition. No refunds are available for custom programming or custom voice recordings. After purchasing this product, a refund is not available if any laws are later changed affecting the use of this product.

## Liability & Responsibility

This product has the capability of being operated in a variety of ways, but it is NOT primarily intended for telemarketing. The Buyer/User assumes all liability and responsibility for only operating this product legally, according to federal, state, and/or local laws. Laws are complex and may change from time to time, and laws vary from country to country and from state to state. A violation of any such laws could result in significant penalties and other sanctions. The Seller and the Manufacturer and its Technicians and Representatives are instructed not to offer any legal advice or interpretation of laws regarding the use of this product; however, if any advice or interpretation of laws is given, it should not be relied upon. Prior to buying or using this product, especially if it will be used for solicitation, telemarketing, or selling, the Buyer/User should consult with an attorney to determine the extent of permissible activities. Since this product is NOT primarily intended for use for telemarketing, it does NOT contain "Do Not Call" scrubbing tools. After purchasing this product, a refund is not available if any laws are later changed affecting the use of this product.

The Seller and Manufacturer strive to provide the highest quality software and hardware; however, there are a number of factors that can cause system malfunctions including, but not limited to, operator error, software corruption, software bugs, telephone line problems, electrical surges, hardware defects, and computer failures. The Seller and Manufacturer and its Technicians cannot be responsible if the Buyer/User adds other software or hardware that corrupt the system or for any other malfunctions.

The Buyer/User is responsible for making frequent backups of his or her system to protect against any loss of valuable data. The Seller and Manufacturer and its Technicians cannot be responsible for loss of data for any reason whatsoever. The Seller or Manufacturer will not be liable for any lost revenue, lost profits, penalties, fines, legal judgments, or other expenses due to loss of data, hardware or software problems, or for any other reason.

By using this product, the Buyer/User accepts 100% of the responsibility and liability regarding its use and will hold the Seller and the Manufacturer and its Technicians and Representatives completely harmless from any fines, penalties, litigation, expenses, or claims for any reason.
